Safety****JUL 13** **CARLISLE CAN HELP YOU MEET YOUR COMPOSTING & RECYCLING NEEDS**

More and more cities are adopting stricter policies on disposal of food and materials in order to cut their waste sent to landfills. Early programs call for businesses to have three separate color-coded bins for waste: Green for compost, Blue for recycling, and Black for trash. Carlisle offers the solution with our TrimLine color cans. Available in Green (Compost), Blue (Recycle), and Black.

Green

Carlisle FoodService Products Green Initiative ensures we strive for state-of-the-art technology designed to reduce energy consumption, conserve water, use recycled materials, and preserve natural resources while taking into consideration common practices in the foodservice industry.

Following is a partial list of the organizations and initiatives that Carlisle subscribes to for this endeavor:
