TQ QUIET CARTS
DOUBLE DOOR TRAY DELIVERY CARTS WITH TWO TRAYS PER SLIDE

Application

These carts are the latest design in a brand new series of carts called TQ Quiet Carts. Here we offer you a cart that has a notable sound dampening construction where quiet is a needed commodity. This equipment is intended for "Industrial Use Only".

Construction

TQ Quiet Cart double door tray delivery cart with an all stainless steel modular construction and is NSF Listed. The cart has (standard) 5-1/4” tray height spacing (additional tray spacings are available - consult factory for availability) with 2 trays per shelf for a total of a 24, 28, 32 and or 36 capacity for the cart. Comes with heat release vented side panels and standard corner bumpers. The cart has gravity locking doors with noise suppression door bumpers and gravity locking (open) door with door stop for noise reduction. The cart comes with an interchangeable rack system with adjustable sizing to accommodate for different tray sizes. The racks also have noise reduction gravity locking brackets with a press lever release mechanism. The side panels of the cart have a noise reduction channel to prevent vibration while the cart is in motion. The cart comes with 6” Performa casters with noise suppression bearing covers, high temperature wash resistant noise dampening bearing grease, and caster isolation pads (2 rigid, 2 swivel with Tech lock brakes).

Standard Features

- 6” Performa casters with noise suppression bearing covers (2 rigid, 2 swivel with Tech lock brakes)
- Corner Bumpers
- Vertical Push Handles
- Gravity Locking Doors with Door Stop
- Full Length Door Handles
- 5-1/4” minimum tray height spacing
