

# DURATHERM®

Experience the trusted quality and reliability you've come to expect from Dinex with the DuraTherm® Induction Charger.

## Features & Benefits

- Long Hold Time - Base holds the food temperature up to 90 minutes
- User Friendly - Simple to understand; charges in 15 seconds; automatic base detection
- Watertight - Zero exposed electrical components
- Safe - Base remains cool to the touch, even after charging

Built-in RFID tag relays information to the charger to get consistent and accurate temperatures every time—protects the base from over-heating

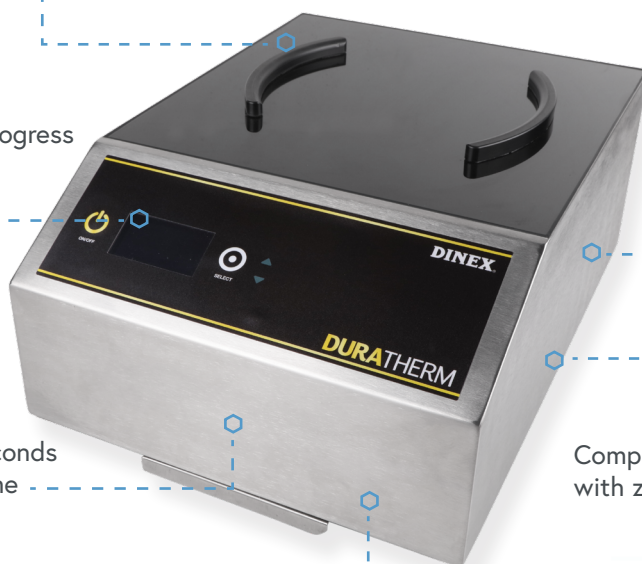

Internal phase changing material requires lower energy input to hold temperatures longer

Smallest, most compact induction unit in the industry

LCD display tracks charging progress

Charge up to 4 bases per minute or 240 bases per hour on 208V - 3-Phase outlet

Charges DX1411 bases in 15 seconds with up to a 90-minute hold time

Completely sealed, watertight design with zero exposed electrical components

Charges DX8210 bases (Smart•Therm®) in 10 seconds for up to a 60-minute hold time
