

OptiClean™ NeWave™ Racks

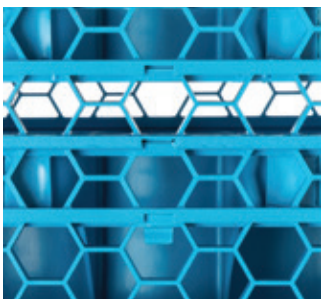

More Glasses. Same Size.

OptiClean Glass Racks are engineered to flow. Our honeycomb design makes our racks incredibly durable while partnering with our open wall design to ensure the free flow of water and soap. Colored coded extenders options make sure the flow of your glass from place to place in your facility.

Benefits

Honeycomb Design

Allows a free flow of soap and water and balanced weight dispersion when racks are stacked high

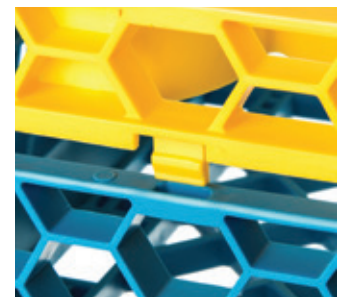

Compatible Stacking

Fits standard dish racks ensuring a smooth transition to Carlisle washracks without interrupting workflow

Fit More Glasses

Save on chemical cost washing more glasses per cycle

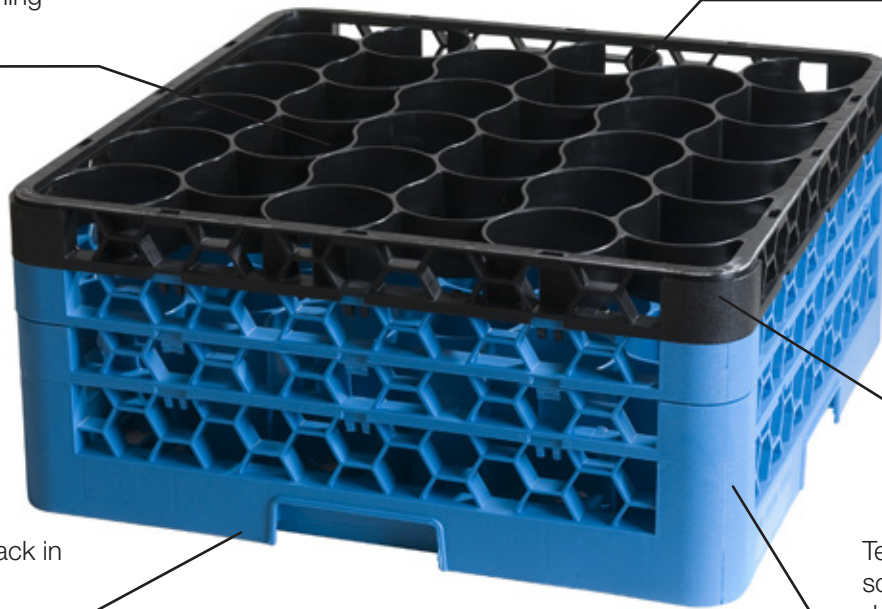

Color-Coded Extenders

For convenient identification

Available in six color choices to make identifying rack size and matching glassware easy

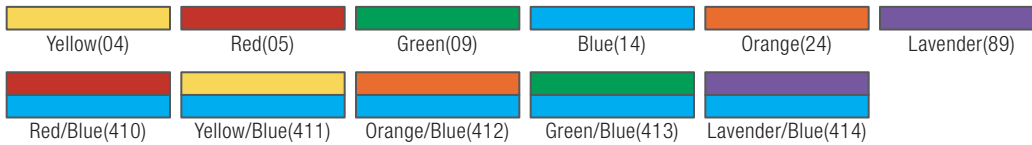

Double-wall construction provides maximum strength and provides protection from glassware breakage

Open wall design facilitates superior washing and fast drying

The most durable rack in the market

Textured finish reduces scratches, improves durability and provides a secure grip
