

NEW SOFTWEAVE™ COLORS

SOFTWEAVE POLYESTER

(ITEM NO. 5378)

SoftWeave Spun Filament Polyester is a blend of poly spun and poly filament. This blend provides the look and feel of cotton without fading or shrinking. Four new colors are being added to our SoftWeave offering. These new, vibrant colors are timeless solutions that will last for many years.

NEW COLORS:

Belize Blue (630)

Pistachio (631)

Cayenne (632)

Olive (381)

WHY SOFTWEAVE IS A MUST:

- 82% of consumers believe a restaurant set with cloth linens provides a better ambiance
- 84% of consumers consider cloth linens more environmentally friendly than paper
- SoftWeave is reusable, longer lasting, and sustainable
- A Milliken fabric
- Made in the USA

SOFTWEAVE FEATURES:

- Improved Soil/Stain Release
- Absorbent
- Capable of low temperature processing (advanced stain release technology allows you to wash at only 120°F water temperature and use half the detergent)
- Superior color retention provides a consistent look
- Minimal shrinkage (better shrinkage performance than cotton or poly/cotton fabrics)
- Soft, long lasting feel
- Resists linting, picking, and pilling
- Starchable & foldable
